ROLLING RIVER SPIRITS PROFILE

Distillery Overview

Rolling River Spirits is a family-owned and operated craft distillery located in Portland, Oregon. Founded in 2011, and with distilling operations beginning in March 2014, the company offers an expanding choice of artisan spirits made from the freshest ingredients. The name, Rolling River, is inspired by the many majestic rivers in the Northwest, and underscores the importance of pure water in the distillation process.

Craft Spirits & Philosophy

We handcraft our spirits with only the finest ingredients, using organic and non-GMO products when possible. Our Master Distiller, Tim Rickard, personally creates each blend using his own custom-built stills and Portland's renowned pure water from the Bull Run Watershed.

The Facility

Located on Distillery Row in Southeast Portland, our Tasting Room features many artistic touches such as a hand-carved mahogany and fir serving bar in the shape of a ship's hull to add to the aesthetic atmosphere for the patrons. Our spirits are presented in a manner to highlight the different products available to taste. The production area is visible from the tasting room, allowing everyone to see and ask questions about the process, the stills, and the equipment used to create our spirits.

VODKA

80 PROOF/40% ABV

Rolling River Spirits gold medal winning Vodka is a clean and extremely smooth spirit that is easy on the palate and having a subtle spice lift at the end.

This Vodka is distilled from an organic, non-GMO hard red winter wheat in small batches, using a custom built, reflux style column still; which provides the equivalent of a ten-time distillation, resulting in a quality spirit.

This smooth, deliciously sippable spirit is blended with the renowned Bull Run Watershed's pure water, and is transformed into a clean, smooth spirit with a hint of spice and vanilla in the finish.

Rolling River Spirits Vodka is exceptional in a martini, and works fabulously well in any cocktail; this spirit delivers a drink where you can easily kick back, relax, and enjoy!

GIN

84 PROOF/42% ABV

Rolling River Spirits Gin is a contemporary style, delightfully balanced, aromatic; a blend of twelve botanicals crafting an extremely pleasant spirit which has multiple gold and award winning medals.

Juniper berry forward, though not overpowering, this is an intricate gin with kisses of citrus, cardamom, and hints of coriander, star anise, and an array of other spices brought together to present a distinct freshness.

Based from the same organic, non-GMO hard red winter wheat that is used to create Rolling River Vodka, the botanicals are infused, and then redistilled in our own custom designed and hand-built small-batch still.

With the fine array of spices and herbs, and then blended with Portland's renowned pure water, this refined spirit creates a smooth sippable gin that is deliciously flavorful and fragrant.

Enjoy this gin in a martini, combine with a good tonic water, or with any mixers!

COFFEE SPIRIT

80 PROOF/40% ABV

Rolling River Spirits Coffee Spirit is a distinctively different drink that highlights the smooth yet complex blend of coffee and spirits.

This Coffee Spirit is distilled from a special blend of organic, non-GMO hard red winter wheat and organic, non-GMO cane in small-batches using a custom process and still. The wheat and cane are initially distilled together in a reflux style column still providing the equivalent of a ten-times distillation for the spirit base.

Fresh, hand selected beans are exclusively prepared by a local roaster who roasts and grinds them immediately prior to our process. We then precisely brew the beans using our own special procedure and then combine that with the spirit base, and then incorporate everything into a final distillation step using a specially configured pot still to bring out the natural flavors while creating an unusually clear spirit. There are no sugars or other additions beyond the custom spirit base and coffee beans.

This smooth, sweet tasting, and outrageously drinkable Coffee Spirit is exceptional neat, on the rocks, or blended into a limitless variety of coffee and mocha style drinks.

OLE BJØRKEVOLL AQUAVIT

84 PROOF/42% ABV

At Rolling River Spirits, the Ole Bjørkevoll Aquavit line is Scandinavian inspired and dedicated to the hardworking Pacific Northwest fishermen of yesteryear. Our own Ole Bjørkevoll immigrated to the Pacific Northwest in 1924 when he was 16, and with hard work and strong dedication, he saved enough money to help purchase a farm for his family back in Norway. Ole became an established member of the Northwest halibut fishing industry, and the owner and captain of the halibut schooner, Constitution. He is a beloved and an admired grandfather of the Rolling River Spirit family and we have dedicated this spirit to his legacy.

We blend Ole Bjørkevoll Aquavit with Portland's renowned pure water flowing from the Bull Run Watershed to create a perfect marriage that is smooth and deliciously full bodied. We provide our own Portland twist on a Scandinavian classic of caraway, dill and fennel for a light, spicy, smooth and savory finish, which has earned a triple gold, a best in show, and bronze awards.

This aquavit is perfect served neat or chilled in a small glass, and will complement any occasion, festive gathering, or meal.

STILAR RESERVE BROWN BEAR AQUAVIT

84 PROOF/42% ABV

This Aquavit is a simple traditional flavorful blend of caraway, fennel, orange peel, with the addition of our famous regional northwest hops. The hop varieties we use are known for having unique and balanced floral and citrus-like tone.

We have taken this splendid blend a step further and aged it in used rye whiskey barrels. The rye overtone imparts a mildly spicy yet fruity flavor to the Aquavit, thus creating an essence like no other.

Our Brown Bear is a spirit that defines and accompanies heartier and more flavorful meals, and is an outstanding accompaniment to any meats like steak, lamb, moose, and especially pork. This truly is a unique pairing choice and is something that can be served at room temperature.

STILAR RESERVE OLD GOAT TAFFLE AQUAVIT

84 PROOF/42% ABV

Rolling River Spirits Old Goat Taffle is a take on a traditionally flavored Scandinavian Aquavit using caraway and star anise, along with the addition of our personal twist of orange peel and Northwest hops.

The star anise brings forth a distinct, sweet, and licorice-like flavor with a fresh, pleasing aftertaste. Whereas the hops used in this spirit result in floral and spicy overtones, so when all have been distilled together, we have created and imparted this spirit with a well-balanced sweet bitterness.

Old Goat Taffle Aquavit is a great all around aquavit pairing amazingly with many dishes. Freeze the bottle in a block of ice to serve ice cold or out of the freezer, or as a great base for many cocktails.
